

### Abstract

**A French SME specialised in recycling wants to extend its activity on CD & DVD. The SME is looking for ready-to-use solutions to recycle the plastic parts of CDs and DVDs and also use/exploit polycarbonate waste. Technological centers and companies are sought for licence agreement or commercial agreement with technical assistance.**

### Description

A French SME with experience and expertise in recycling is willing to enlarge its activities to CDs and DVDs recycling. They are searching ready-to-use technological solutions in order to separate the polycarbonate plastic parts from the rest of components and recycle the polycarbonate waste.

#### **Technical Specifications / Specific technical requirements of the request**

Extract, isolate, collect and finally exploit the highest content of polycarbonate waste from recycled CDs and DVDs.

#### **For further information (including IPR status)**
