

Dear Friends,

all companies receive every day commercial emails which promise to bring them all into the Google first page results. We didn't promise you anything about Google results, but if you check your Wastexchange listings titles on Google, you will probably verify it's true: your listings are on Google's first page results thanks to Wastexchange.co.uk

We repeat we didn't promise the result, however due to the success of the method, we suggest you to publish your listings using good title and good description with the exact words or phrases, and people from all over the world, will find your offer or request.

Moreover don't forget that you can send request/offer messages to all members, including your personal contacts - phone numbers, e-mail, name, address etc.. - by just subscribing the "Annual Sponsor" or the "Featured Listings" (see below) service.

Contact us at helpdesk@wastexchange.co.uk and we'll send you the detailed offer.

Warmest Regards
Garwer Help Desk
