### [The Southeast Recycling Conference & Trade Show](#)

The 22nd Annual Southeast Recycling Conference & Trade Show (SERC) will be conducted at the Hilton Sandestin Beach Golf Resort & Spa, in Destin, Florida on March 1-4, 2009, trade show on March 1-3. Each year the Southeast Recycling Conference & Trade Show (SERC) provides the premier forum for informing the public and private sectors of the economic and environmental significance of recycling and waste reduction in the Southeast. Attendees will have excellent networking opportunities and a chance to visit the exhibits to preview the newest advances in recycled products and services.

01 - 04 March 2009 Destin, FL,, United States

---

### [10th OEA International Aluminium Recycling Congress](#)

The Organisation of European Aluminium Refiners and Remelters (OEA) is the international association of companies that deal with the recovery and recycling of aluminium. Members represent the final stages of the recycling chain and include producers of casting alloys (refiners) and of wrought alloys (remelters) if they predominantly use secondary raw materials for production

02 - 03 March 2009 Berlin, Germany

---

### [Managing Waste in a Changing Climate Conference & Exhibition](#)

The Managing Waste in a Changing Climate conference provides a valuable opportunity for industry, state and local government and the community to examine our waste management practices and the importance this has in addressing the impacts associated with climate change.

04 - 06 March 2009 Launceston , Tasmania, Australia

---

### [WETEX 2009](#)

International exhibition & conference on water, energy technology and environment

10 - 12 March 2009 Dubai, United Arab Emirates

---

### [IARC 2009](#)

9th International automobile Recycling Congress

11 - 13 March 2009 Munich, Germany

### [The 24th International Conference on Solid Waste Technology and Management](#)

24th International Conference on Solid Waste Technology and Management

15 - 18 March 2009 Philadelphia, PA, United States

---

### [Middle East Waste Summit 2009](#)

Middle East Waste Summit is region's premier exhibition and forum dedicated to delivering waste management and recycling solutions to the Middle East. The event will attract waste management professionals representing government / municipalities, industry projects, academia, private organisations and waste generators from all industries.

17 - 19 March 2009 Dubai, United Arab Emirates

---

### [Metalriciclo](#)

International exhibition on technologies for the recovery & recycling of ferrous and non-ferrous metals, environmental quality & energy efficiency

02 - 04 April 2009 Montichiari, Italy

---

### [6-th International Conference: Cooperation for Waste Issues](#)

Participation in the Conference is beneficial to companies, which intend to promote their waste management technologies, equipments and services in Ukraine, Russia, Belarus, Kazakhstan and other CIS (Commonwealth of Independent States) countries, or interested in know-how of CIS specialists.

08 - 09 April 2009 Kharkiv, Ukraine

---

### [2nd Kuwait Waste Management Conference & Exhibition](#)

Positioned as the only major international waste management event in this part of the world, Kuwait Waste Management is an annual education and networking exhibition and conference focusing on all aspects of the waste management cycle.

14 - 16 April 2009 Kuwait City,, Kuwait

---

#### [IdentiPlast 2009](#)

IdentiPlast 2009: Identifying holistic approaches for sustainable plastics waste management Do you think you know the way to sustainable waste management? Do you have a solution to reconcile stringent European regulations, profitable business and environmental requirements? Then do not miss IdentiPlast 2009, your opportunity to share your know-how and best practices with your stakeholders.

20 - 21 April 2009 Brussels, Belgium

---

#### [ISRI Convention and Expo 2009](#)

Annual Convention & Scrap Recycling Industry Exposition

26 - 30 April 2009 Las Vegas, United States

---

#### [BioCycle International Conference 2009 – Celebrating BioCycle's 50th Anniversary](#)

BioCycle invites you to submit an abstract on topics related to Composting, Compost Utilization, Waste Diversion and Renewable Energy From Organics Recycling for the BioCycle International Conference 2009. Conference sessions are April 28-29.

27 - 30 April 2009 San Diego, California, United States

---

#### [The 10th China EPTEE Show for Water, Air, Waste, Energy and Recycling](#)

The China EPTEE Show is organized by the Chinese Society for Environmental Sciences and Shanghai ZM International Exhibition Co. Ltd. It has been held annually in Shanghai since 1999. The exhibition has become the most highly attended and most influential show in China

28 - 30 April 2009 Shanghai, China, People's Rep.

---

#### [Waste-to-Fuels 2009](#)

The Waste-to-Fuels Conference & Trade Show will provide a forum for informing the public and private sectors of the economic and environmental benefits of converting waste materials to alternative fuels such as biodiesel and ethanol as well as energy recovery. Attendees will have excellent networking opportunities and a chance to visit with exhibitors to preview the newest advances in alternative fuel production products and services. The conference will be designed to attract individuals and organizations/ companies nationally

17 - 19 May 2009 San Diego, California, United States

---

## [BIR Spring Convention](#)

BIR Spring Convention

25 - 27 May 2009 Dubai, United Arab Emirates

---

## [WasteTech 2009 6th International Trade Fair on Waste Management and Environmental Technologies](#)

WasteTech-2009 will be held 26-29 May 2009 in Pavilion # 3 of the International Exhibition Center "Crocus Expo", Moscow, Russia. Main topics: Waste management and Recycling, Air-pollution control, Monitoring, Control and Analysis, Waste water treatment and Sludge management, Industrial cleaning, Public toilets, Energy (waste-to-energy and renewable energy), Soil remediation, Labour safety.

26 - 29 May 2009 Moscow, Russia

---

## [EBR 2009](#)

International electronics & battery recycling congress

24 - 26 June 2009 Toronto, Canada

---

## [17th European Biomass Conference & Exhibition - From Research to Industry and Markets](#)

This international conference is aimed at stimulating public discussion and promoting awareness of the biomass community. Scientists, industry, suppliers, funding bodies and decision-makers are invited to meet the more than 1,500 expected attendees.

29 June - 03 July 2009 Hamburg, Germany

[\*\*See the Technology Offer/Request section...\*\*](#)

---

### [\*\*EEC Compliant Waste Cooking Oil Containers & Closed Loop Systems\*\*](#)

A company based in South East England have introduced a novel EEC Compliant Container & closed loop system to help those handling waste cooking oils comply with regulations. The system is a clean, convenient and safe method to handle waste cooking oil from catering establishments, hospitals, leisure complexes, retailers, hotels, restaurants etc. The company are looking for partners in the aforementioned sectors to licence the technology and capability.

(Ref: 09 GB 40n6 2S38)

---

### [\*\*Environmental friendly technology of utilisation of the sewage sludge\*\*](#)

A Polish company is looking for technology of utilisation of the sewage sludge that would meet all environmental requirements. The final product of the process should have the

characteristics of the anthropogenic soil. The company is interested in commercial agreement with technical assistance.

(Ref: 08 PL 64BD 0IYP)

---

### [Incineration plant](#)

A medium company located in the southern part of Poland is looking for a optimal solution for a small to medium sized incineration plant. The company wants to enter a new area of activity therefore it considers several options before taking the final decision. One part of the decision process is on-site visit in the several installations in Europe.

(Ref: 08 PL 64BD 0J69)

### [New treatment solution of closed water systems for central heating, air conditioning and support of industrial manufacturing](#)

An Israeli engineering and service company specializes and provides solutions for the industrial and agricultural sectors has designed and developed a new product for treatment of closed water systems for central heating, air conditioning and support of industrial manufacturing. The solution solves damage of scale, corrosion, and bio-life forms, to protect equipment typical to these systems include pumps, faucets and devices such regulating valves. The company seeks a partner for cooperation.

(Ref: 09 IL 80ER 2S4O)

---

### [Development of a new solution for treatment of open hot water systems for consumption](#)

An Israeli SME that provides solutions for the industrial, commercial, civilian and agricultural sectors has designed and developed a new product for treatment of open hot water systems for consumption. The product can solve damage of scale, corrosion, and bio-life forms, to protect equipment typical to these systems, including hot water, heat exchangers, pumps, faucets, end devices such as shower heads and regulating valves. The company seeks a partner for cooperation.

(Ref: 09 IL 80ER 2S4Z)

---

### [A new reactor and system enable repeated use of water for the treatment in open cooling system](#)

An Israeli SME that provides solutions for the industrial, commercial, civilian and agricultural sectors, has developed and manufactures a new product enable repeated use of water by an electric process only without using any chemicals, thus contributing to substantial savings of resources, funds and to the health of mankind and the environment. The company seeks partners for collaboration.

(Ref: 09 IL 80ER 2S50)

---

 [\*\*Extraction & recycling of polycarbonate waste from CDs and DVDs\*\*](#)

A French SME specialised in recycling wants to extend its activity on CD & DVD. The SME is looking for ready-to-use solutions to recycle the plastic parts of CDs and DVDs and also use/exploit polycarbonate waste. Technological centers and companies are sought for licence agreement or commercial agreement with technical assistance.

(Ref: 09 FR 37M3 3CER)

---

 [\*\*Scrap Tyre Compaction System\*\*](#)

A UK company offers a system for compacting motor vehicle tyres thereby reducing their bulk volume for onward transportation as one step in the re-cycling process. Partners are sought either from within or those with an understanding of the scrap tyre industry. Partners are sought either to licence the technology or for technical co-operation to further develop the technology and bring it to market.

(Ref: 08 GB 41n8 2S0N)

---

 [\*\*Method for neutralization and utilization of galvanic slurries – wastes of chromium and nickel-plating\*\*](#)

An SME from Saratov region, Russia, offers a new chemical agent (potassium polytitanate) for neutralization of galvanic slurries resulted from electrochemical processes of chromium- and nickel-plating. The obtained neutralization product is a raw material for making ceramics with good dielectric and mechanical properties. The company can offer technical documentation for galvanic sludge neutralization and manufacture of ceramic products, or deliver potassium polytitanate to interested partners.
